# Express Yourself

School spirit begins with the individual. Every person in our high school community has a unique personality. During high school we continue to explore who we are. In junior high many of us were concerned about how we fit into the group. At times we even thought it important to dress like everyone else and even think like everyone else. In high school, however, we begin to separate ourselves from the group, to stand apart; we begin to make serious decisions about our future. Yet we do recognize that we are members of a community and that as individuals we share our talents to make that community strong through its diversity.

**The more peculiarly his own a man's character is, the better it fits him.**

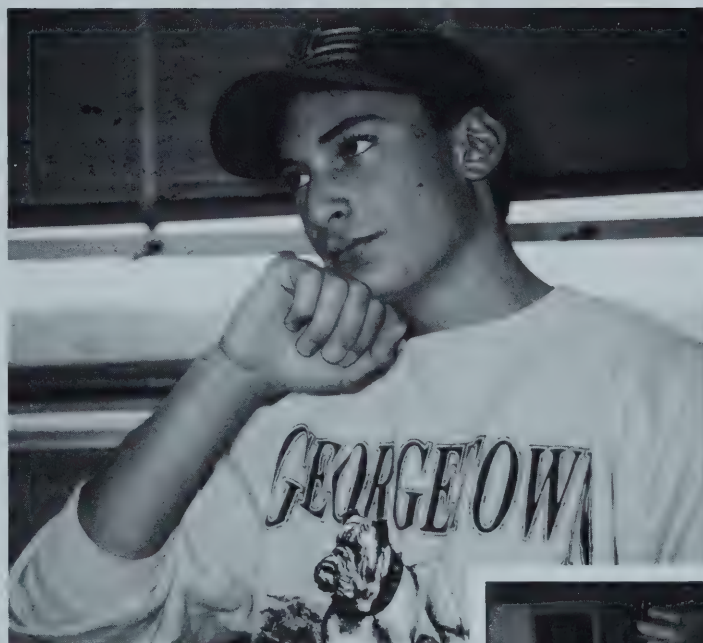

— Cicero

**Anybody who is afraid of laughing at his friend cannot be said to have a true or thorough love of him.**

— Anonymous

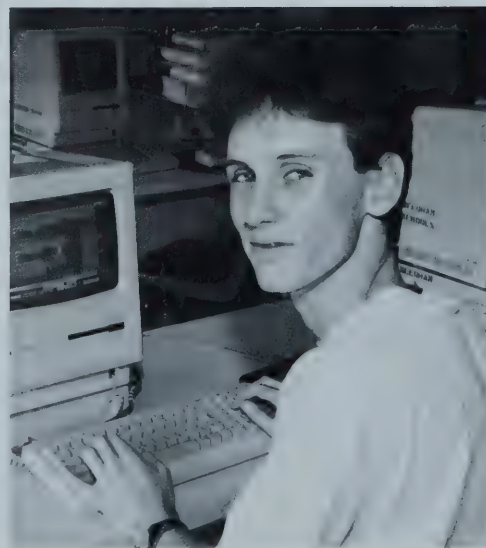

**A good-natured man has the whole world to be happy out of.**

*— Alexander Pope*

**Live fast, love hard, and don't let anyone use your comb.**

*— The Fonz*

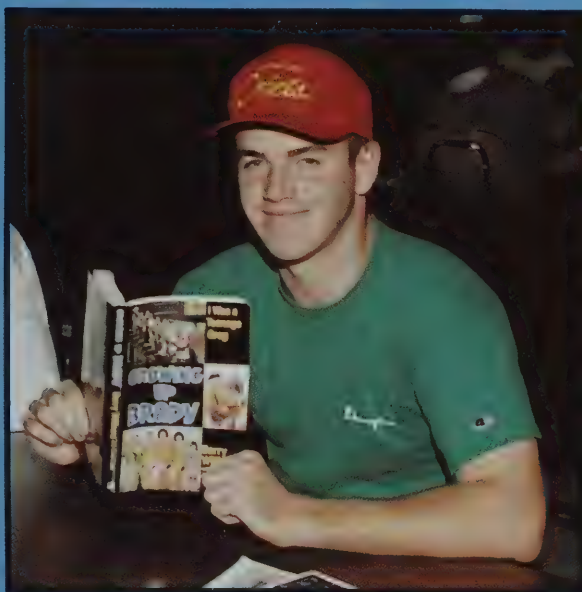

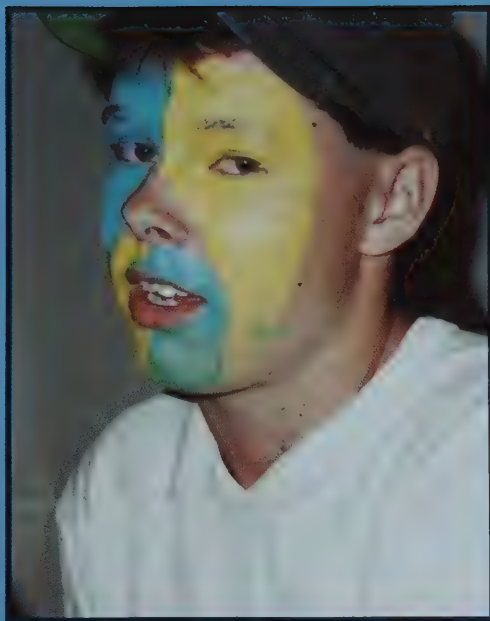

Good nature is worth more than knowledge, more than money,  
more than honor, to the persons who possess it.  
— Henry Ward Beecher

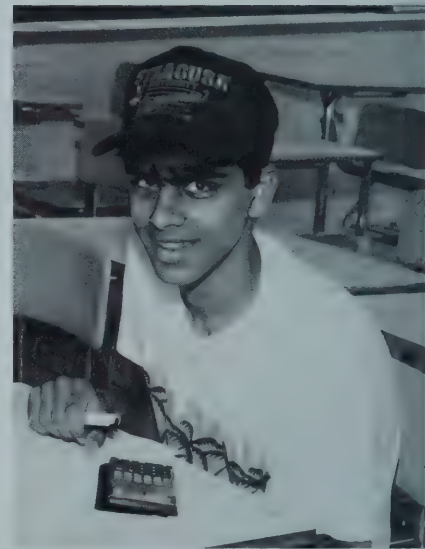

# Live & Learn

*By helping one another, we learn. We learn more about each other, more about ourselves, and we begin to appreciate the knowledge we have acquired through hours of study and preparation for classes. Through shared experiences we prepare ourselves for life after high school. Even though our paths will diverge, we will carry with us the memories of moments shared with teachers and friends.*

**The things we know best are the things we haven't been taught.**

— *Vauvenargues*

**Learning makes a man fit company for himself.**

— *Thomas Fuller*

**Since we cannot be universal and know all that it is to be known of everything, we ought to know a little about everything.**

— *Anonymous*

If you have built castles in the air, your work need not be lost, for that is where they should be. Now put the foundations under them

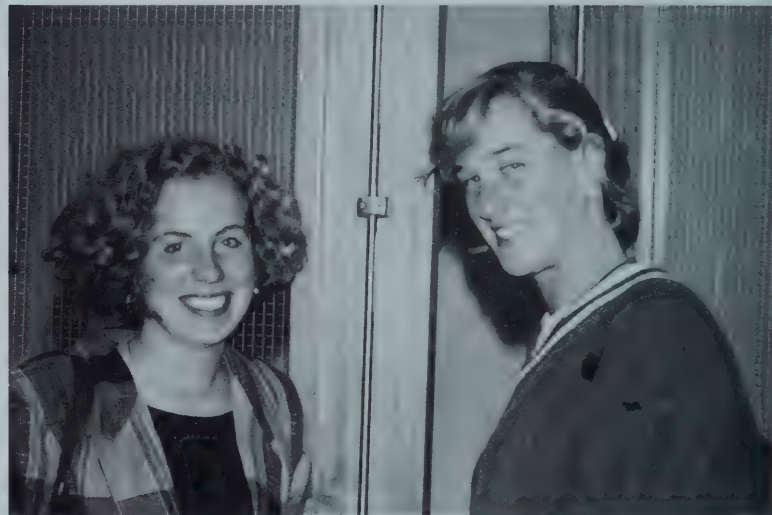

— Thoreau

## Stand by Me

Our high school friends are the people we look to when we don't make the varsity team or get the lead in the musical or fail a test. They support us through schedule changes, crowded cafeterias, SAT's, and college essays. They may not provide all the answers to our questions, but they do help us as we search for the answers. When we leave high school, we may forget dates or facts, but we will not forget our friends.

**Friendship is a single soul dwelling in two bodies.**

— Aristotle

A friend is someone who knows you  
but likes you anyway.

— Finian

We're just two lost souls swimming in a fish bowl, year after year.

— Pink Floyd

# Spirit '93

*Though the class of 1993 is diverse, we are unified in spirit. Through our shared experiences we come together, working toward one goal, to make the high school a place apart, a place where we can return to in memory and relive our happy moments we shared together as friends.*

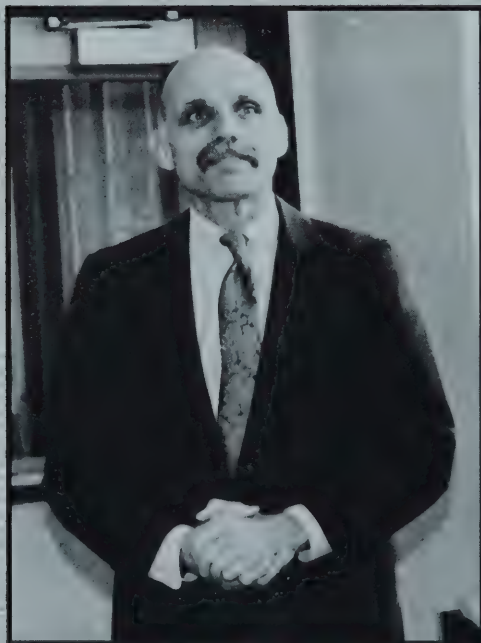

These are the times to remember 'cause they will not last forever.

— Billy Joel

## SENIORITIS

Realizing how much you've changed.  
 Being annoyed by Freshman.  
 Having to sign in at a Learning Center. (What's up with that?)  
 Finally taking meaningful courses.  
 A ten letter word beginning with "S."  
 Something I've had since Freshman year.  
 No homework!  
 221485  
 Procrastinating.  
 Conferences in the College and Career Center.  
 Thinking that just because you're a senior you're better . . . and then realizing you are!  
 Taking the least amount of classes to still be acknowledged.  
 Feeling old and tired at 17!  
 Trying to understand MACBETH in order to graduate!  
 Putting off college essays  
 Not stressing over anything.  
 Being treated like a freshman, only taller.  
 Joining activities so that you'll have something to write on applications.  
 Worrying about the prom since last May.  
 Getting to know your mailman.  
 Living at Papa Gino's.  
 Finally feeling too old for White Hen.  
 Noticing the opposite sex in your class for the first time.

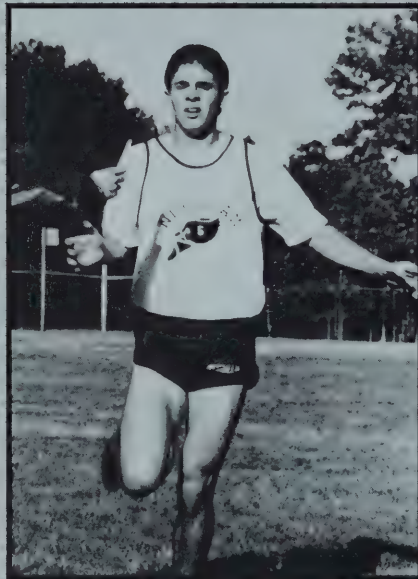

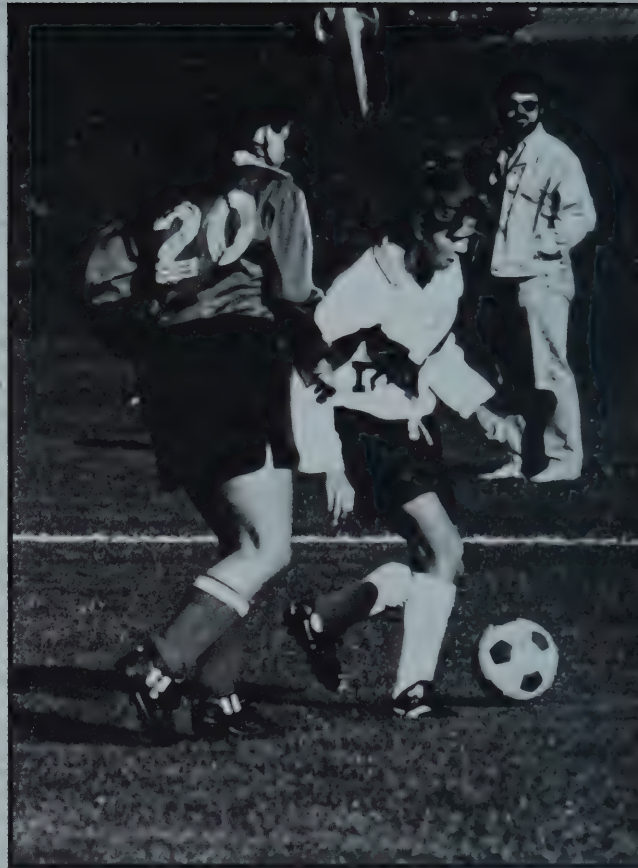

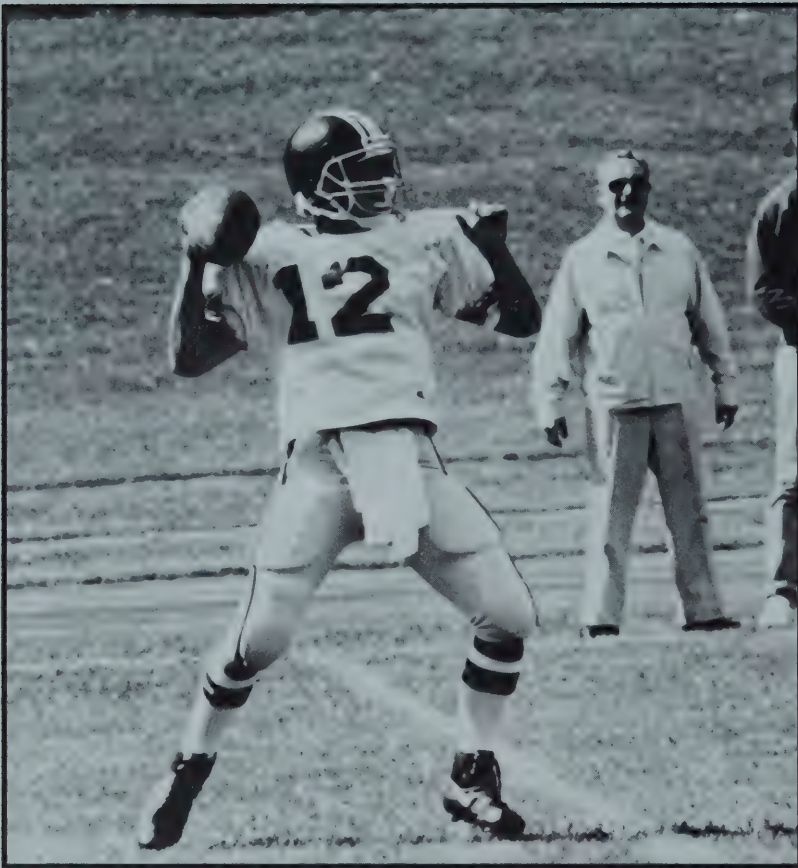

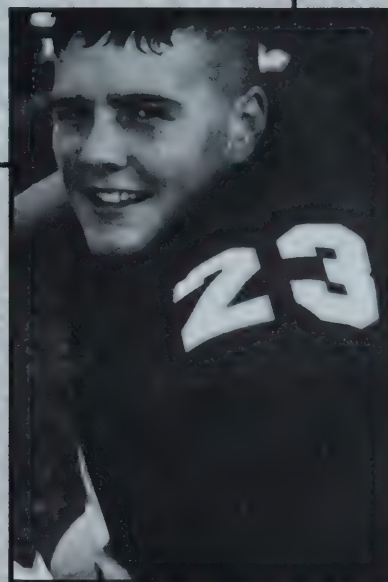

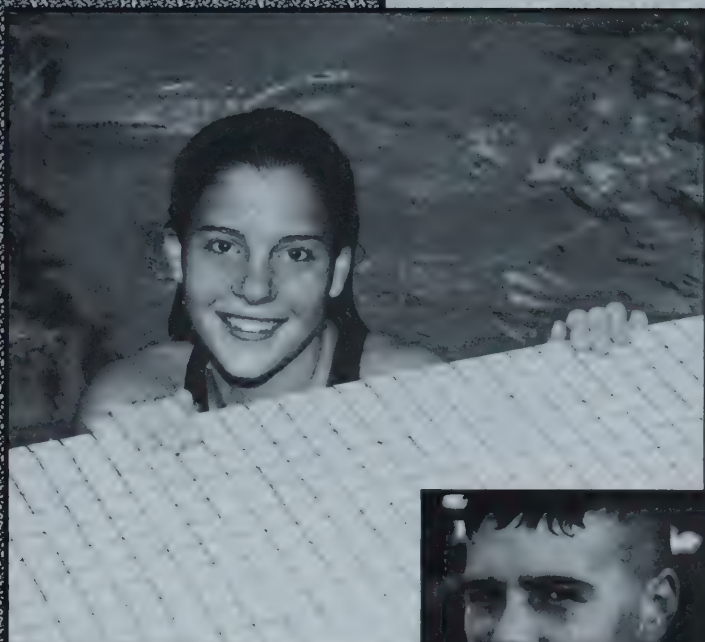

*People come, people go.  
Some leave footprints in the snow.  
But in the end, you will find  
Some leave footprints in your mind.

The 1992 Field Hockey Team had an outstanding season. After being moved up to the Heiget Division, we had a 9-2-7 record. Qualifying for the state tournament, we played through overtime down to strokes. The 1992 All-Stars were Brigid Tobin, Carrie Delmore, Kelly Feeney, and Andrea Sarafinas. Some of our memorable moments were beating Milton (1-0), coming back from a (2-0) deficit to Norwood, giving Walpole a scare, and beating Wellesley. Thanks for the memories. Good Luck next year! ### Attitude

The longer I live, the more I realize the impact of attitude on life. Attitude, to me, is more important than facts. It is more important that the past, than education, than money, than circumstances, than failures, than successes, than what other people think or say or do. It is more important than appearance, giftedness or skill. It will make or break a company...a church...a home. The remarkable thing is we have a choice every day regarding the attitude we will embrace for the day. We cannot change our past.... We cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing we can do is play on the one string we have, and that is our attitude... I am convinced that life is 10% what happens to me and 90% how I react to it. And so it is with you... We are in charge of our attitudes.

## THE REAL WORLD

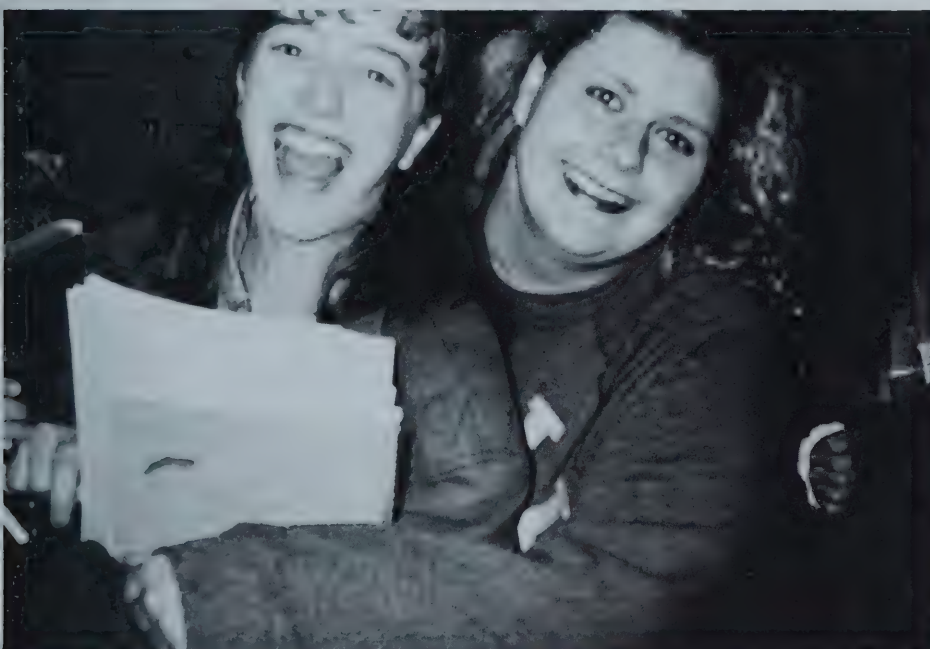

"STAR TREK: DEEP SPACE NINE" introduced us to a whole new cast of bizarre alien characters, while here at NHS this was the best we could do.

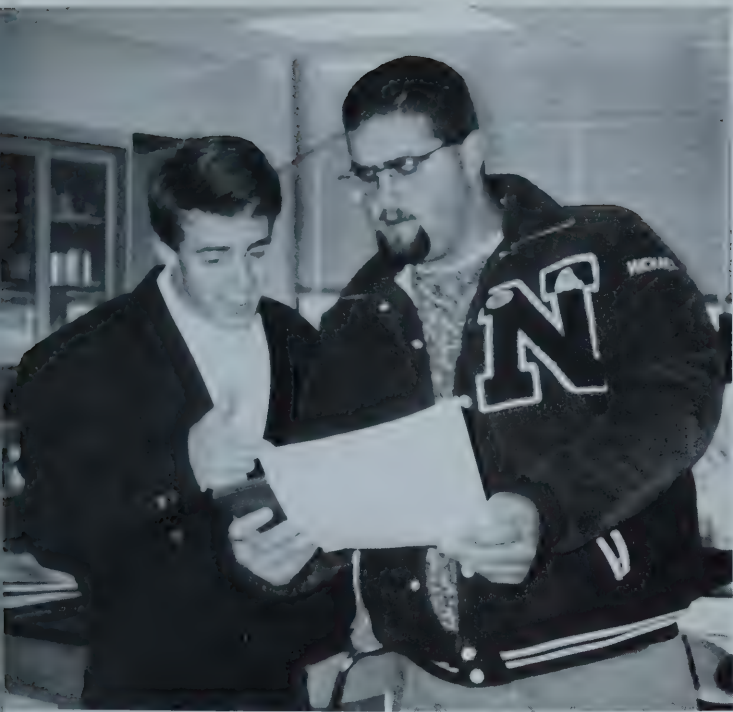

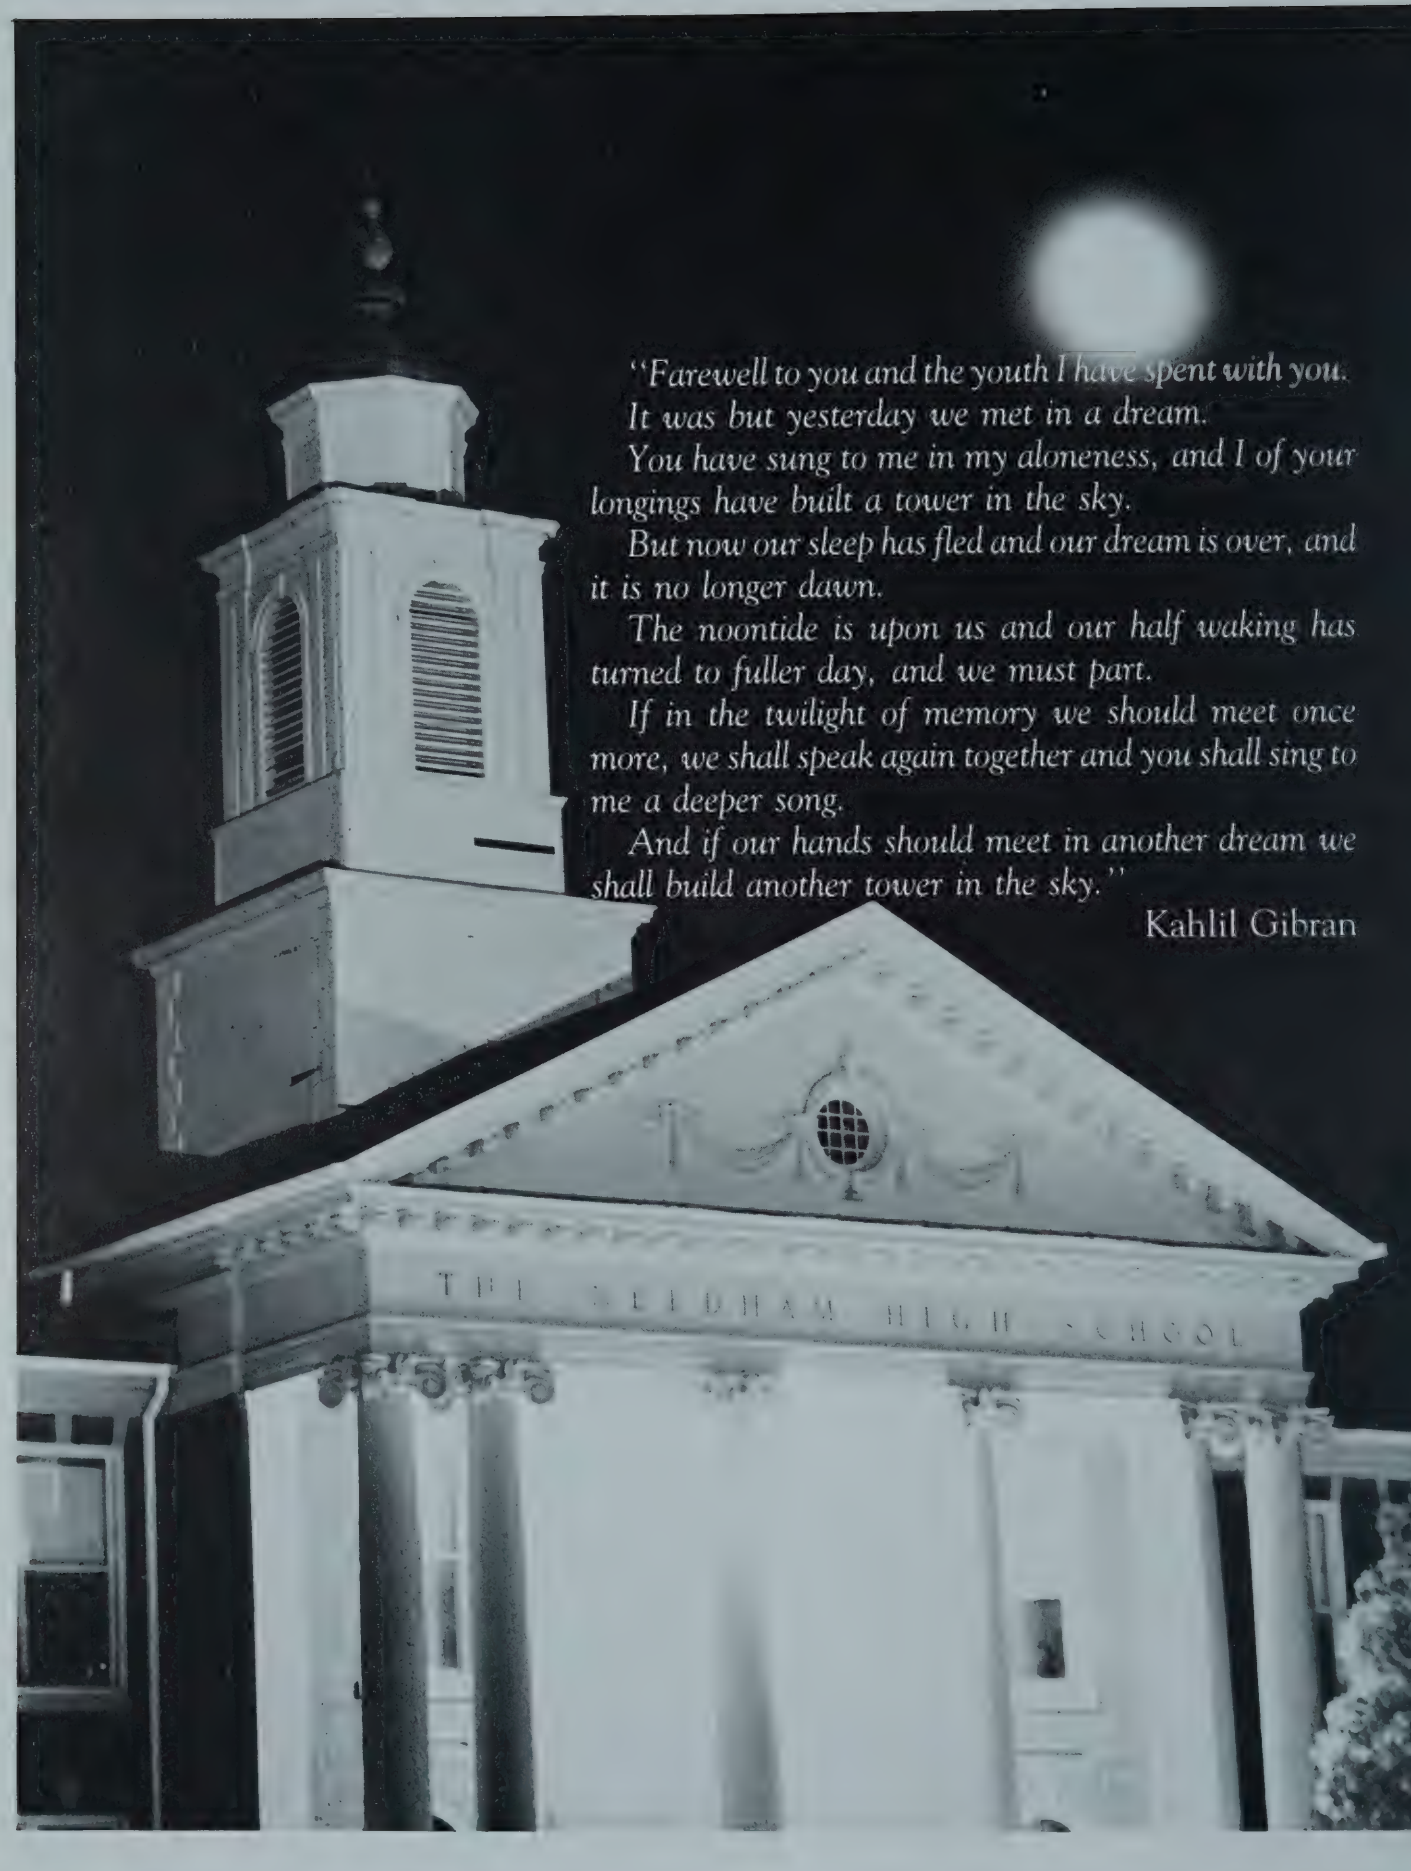

**"I believe that there is not a man, woman or child alive today who does not enjoy a lovely beverage."**

*— David Letterman*

*"Farewell to you and the youth I have spent with you.  
It was but yesterday we met in a dream.  
You have sung to me in my aloneness, and I of your  
longings have built a tower in the sky.*

*But now our sleep has fled and our dream is over, and  
it is no longer dawn.*

*The noontide is upon us and our half waking has  
turned to fuller day, and we must part.*

*If in the twilight of memory we should meet once  
more, we shall speak again together and you shall sing to  
me a deeper song.*

*And if our hands should meet in another dream we  
shall build another tower in the sky."*

Kahlil Gibran
